ESCALATOR SAFETY FIRST

Type 8 952 71 (aluminium)

A perfect combination of safety and design, the Safety First unites the convenience and manoeuvrability of a standard baggage cart with the safety features required for use on escalators. For more than 25 years EXPRESSO's escalator carts have given worldwide reliable service to ensure smooth and safe operations and satisfied travellers. The front guard with safety belt prevents baggage from slipping off the cart.
